

Please find attached all of the exciting things that we will be learning about this term!  
Our main 'driver topic' this term will be history: 'Ground-breaking Greeks'. We will learn about developments and changes over six periods of Greek history, focusing on the city state of Athens in the Classical Age, and exploring the lasting legacy of Ancient Greece.

**English:**

This term, our focus text is, *Manfish: A Story of Jacques Cousteau*, by Jennifer Berne.  
We will be working towards writing our own biographies and an adventure story.

**Maths:**

This term we will be learning about angles in shapes. We will also learn about statistics and the different graphs and charts associated with this.

**Science:**

Year 5 will be learning about the properties and changes of different materials.  
Year 6 will be learning about light theory and evolution and inheritance.

**History:**

Please see above.

**Geography:**

This term in geography we will mainly be doing revision and retrieval practice as history is the main driver topic this term. We will learn about the geography of Ancient Greece as part of this.

**RE:**

In RE this term, we will pose the question, 'What does it mean if Christians believe God is holy and loving?' We will make connections between biblical texts and Christian ideas of God, using theological terms.

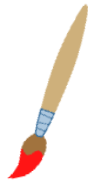

**PSHE:**

This term, we will cover the unit, 'Money Matters'. We will explore money in the wider world and consequences of our spending and saving. We will also learn about ethical spending and ways spending can positively affect the people and environment around us in the wider world.

**Art and DT:**

In art, we will learn about mixed media and expression. We will learn about paper crafts, papermaking and collage making.

**Music:**

In music the children will complete the unit Reflect, Rewind, Replay, where they will learn about classical music and the history of Music Language.

**Spanish:**

This term our topic will be Spanish Portrait. We will use a variety of language to describe both hair and facial features which will lead to creating a detailed written description of a portrait.

**Computing:**

This term we will learn about 'Creating media: Stop motion animation Storyboarding ideas, taking photographs and editing to create a video animation.

**PE:**

During this term, we will be participating in athletics sessions, learning a range of techniques and routines.  
We will also participate in rounders sessions.
